We are inviting ALL Southern California Independent School faculty, staff, and administrators to join us in affinity group dialogue!

This year's exciting affinity group gathering will engage our independent school community in dialogue that enhances our roles as People of Color and White Allies working together to build inclusive and diverse environments on our campuses.

Authors and national speakers, **Dr. Steven Jones** and **Dr. Shelly Tochluk** will lead high-powered engaging affinity group discussions and experiential activities to equip you with concepts, tools and skills to further support diversity and greater inclusion within your school community.

Sign up today for this exciting opportunity to join a community committed to academic excellence through celebrating our similarities and differences!
